VI. New Business:

A: Discuss purchase of Spruce Street property via grant
\$199,000 for property but there is interest now in this property

B. Discuss skills course on either Chico or Spruce

The skills course is a bike park.

The town already owns Chico and asking Mr. Lanmen who is building the Salida skate park to look at the property.

We Need a grant of Max of \$450,000 and the town of Del Norte has to be on board

Talk to town are they interested, have a presentation, then submit for goco grant
Velo solutions pump track is being built in Alamosa (with SLVgo)

C. Discuss purchasing a grill for the North River pavilion

This grill will be on the pavilion side of the river, the proposed grill is a large pavilion grill that will be for all recreation users. It will be concreted in and bolted into ground.

First need to find out if we can use CTF money

Then get town approval

Board all seems to like this idea as a nice simpler improvement
